New Service: AI-Powered Transcription

BOOK AI-POWERED TRANSCRIPTION

LEARN MORE

- Less than **half the cost** of traditional court reporting
- Standard delivery is **twice as fast** as traditional court reporting
- Human-checked transcripts with **99% accuracy**
- **Always available** for depositions, hearings, and other proceedings

AI-Powered Transcription technology is revolutionizing the way transcription is done. It uses powerful AI voice recognition and is human-edited in the background, providing results comparable to the best human stenographers. The service is available 24/7 and is fully permissible under AAA-ICDR rules, so you can count on it for your most important proceedings. AI-Powered Transcription is currently compatible with remote events only.
